

the BARR GROUP

THE SIMPLE ELEGANCE OF ALL THAT IS QUINTESSENTIALLY MARLOW

The vibrant Georgian market town of Marlow is without a doubt one of the most appealing locations on the River Thames. The Barr Group work across Bucks, Berks, Oxon and West London, for a plethora of interesting clients and on some wonderful properties, but it is places like Marlow, which truly strike a chord. StuartBarr CDR (Construction Design Renovation) is supported by sister companies BarrKitchens and BarrJoinery, offering made to measure joinery and cabinetry of the quality StuartBarr CDR demands. The 'SB Interior Design' team

are on hand to offer design advice and execution, but just as often the Barr Group work with external design houses who share our passion for quality. The renovation and extension of 'Lashlake', a classic Grade II* listed Georgian Town House is a classic example. Working closely with architectural design and planning gurus HollandGreen and the talented interior designer Louise Holt, this period property was given a whole new lease of life. No stone at 'Lashlake' was left unturned and the team approach ensured the perfect finish.
